From <http://myfortlauderdalebeach.com/about-my-fort-lauderdale-beach>:

Situated along three miles of golden sand and sparkling turquoise waters, Fort Lauderdale Beach is marked by the City's Wave wall. A flowing, swirling wall that extends along our brick paved promenade, you'll find pillar framed entrances to our world-famous beach.

A vast array of unique restaurants, outdoor cafes and vibrant nightlife beckon you as well. Whether you are in the mood for mouthwatering cuisine or just want to chill out at a casual watering hole, you'll find just the tastes you are looking for with a stunning ocean view. Planning a visit to Fort Lauderdale? Why not make your home-away-from home on Fort Lauderdale Beach? We have luxury resorts, budget friendly hotels and superior small lodging guest houses, steps from our sparkling sandy shores.

And we are so easy to get to! You'll find the bustle of Fort Lauderdale Beach less than 2-miles from the Port, which makes it a great pre-or post-cruise escape and a short 10-minute drive, to the Ft Lauderdale-Hollywood International airport. Once here, there's also no reason to leave our little island oasis, as you'll find world-class spas to water sports, casual shopping to elegant museums – not to mention that Fort Lauderdale Beach is an outdoor enthusiast's playground for both the young and the young at heart.

And if all that is doesn't make Fort Lauderdale Beach special enough, you'll find 365-days of special offers to eat, drink and play at our areas restaurants, attractions and hotels and many highly anticipated annual events including the Fort Lauderdale International Boat Show, Tortuga Music Festival, Great American Beach Party, Friday Night Sound Waves and The City of Fort Lauderdale's Spectacular 4th of July Celebration.
